

Adventures in Life Science

3rd—5th Grade

Pat Polstra, 269-267-5997

patpolstra@yahoo.com

Course Overview:

Join our crew of intrepid adventurers as we gain a better understanding and appreciation of the life God created all around us. Students will be active and engaged as we explore:

Plants:

- flowers, seeds, & fruit
- roots & stems
- leaves
- unusual plants

Animals:

- mammals
- birds & fish
- amphibians & reptiles
- invertebrates

Humans:

- bones & muscles
- nerves & senses
- digestion
- circulation & respiration

Instructor:

I have a BBS (secondary education) from Crown College. I loved teaching at a small private school in Grand Rapids and have continued my love of teaching and community with children's church ministries and co-op.

I am a wife of over twenty years and mother to two young adults. We have been homeschooling since 2010 and have enjoyed our years in co-op. We are quirky gameschoolers who never turn down a good science experiment: the messier the better!

Self-Pay Fees: \$330 total tuition: \$165 due September 6, 2023; \$165 due January 17, 2024. If the class is dropped after the third class of the semester, tuition is not refunded.

LAMP Fees: \$330 tuition; if LAMP only provides partial payment, you will be responsible for the rest, which will be due October 18, 2023. Students are required to self-pay for any missed LAMP payments due to dropping after the third class or not meeting LAMP requirements during the semester.
