

# Middle School Earth Science

Pat Polstra  
269-267-5997  
patpolstra@yahoo.com

6th-8th grades  
Geology, Hydrology  
Meteorology, Astronomy

## Course Overview:

Join us as we investigate and discover God's creation all around us. Students will be active and engaged with experiments and games while learning all about God's magnificent Earth: geology, lithosphere, hydrosphere, atmosphere, meteorology, astronomy, and much more. Students will need God's Design for Heaven and Earth Student Reader by Richard and Debbie Lawrence.

## Instructor:

I have a BBS (secondary education) from Crown College. I loved teaching at a small private school in Grand Rapids and have continued my love of teaching and community with children's church ministries and co-op.

I am a wife of over twenty years and mother to two young adults. We started homeschooling in 2010 and have enjoyed our years at co-op. We are quirky gameschoolers who never turn down a good science experiment: the messier the better!

**Self-Pay Fees:** \$350 total tuition: \$175 due September 4, 2024; \$175 due January 15, 2025. If the class is dropped after the third class of the semester, tuition is not refunded.

**LAMP Fees:** \$350 tuition; if LAMP only provides partial payment, you will be responsible for the rest, which will be due October 16, 2024. Students are required to self-pay for any missed LAMP payments due to dropping after the third class or not meeting LAMP requirements during the semester.
