Course Description:

Art Discovery is an introduction to art class for ages 4-7. This class will be based around learning different art skills such as painting, sketching, molding, sponge painting, mixed-media, and so much more. As we discover new art skills, we will also travel around the world learning about artists who have used these techniques to create famous works of art. Each week the students will put these skills to practice by creating their very own work of art! My goal is to help students discover the true artist that is within each of them! As Maryann F. Kohl says, "Art is a place for children to learn to trust their ideas, themselves and to explore what is possible."

It's going to be colorful, messy and most of all fun! Join Art Discovery and get creative with me!
