American History

This class isn't just dates— it's the real story of America

ABOUT THIS CLASS

This class will take students on a journey across American History. From before the founding to the present, American History is rife with amazing stories of men and women doing what they thought was right for God and Country.

Our culture has heavily scrutinized the history of America. We are going to look at the history of our country in its entirety - the good, the bad, and the ugly to decide for ourselves whether the judgement being passed on America and its founding values are being made in good faith. From Columbus to the founding, through the Civil War and the Progressive Era, all the way past the World Wars and into the Modern age!
