

Adventures in Chemistry & Physics

3rd—5th Grade

Pat Polstra, 269-267-5997

polstrascience@gmail.com

Course Overview:

Join our crew of intrepid adventurers as we gain a better understanding of chemistry and physics. Through experiments and hands-on demonstrations, students explore:

- Properties of matter
- Atoms
- Molecules
- Laws of motion
- Laws of thermodynamics
- Energy
- Electricity
- Magnetism
- Simple machines
- So Much More

Instructor:

I have a BBS (secondary education) from Crown College. I loved teaching at a small private school in Grand Rapids and have continued my love of teaching and community with children's church ministries and co-op. I am a wife of over twenty years and mother to two young adults. We started homeschooling in 2010 and have enjoyed our years in co-op. We are quirky gameschoolers who never turn down a good science experiment: the messier the better!

Self-Pay Fees: \$370 total tuition: \$185 due September 3, 2025; \$185 due January 14, 2026. If the class is dropped after the third class of the semester, tuition is not refunded.

LAMP Fees: \$370 tuition; if LAMP only provides partial payment, you will be responsible for the rest, which will be due November 5, 2025. Students are required to self-pay for any missed LAMP payments due to dropping after the third class or not meeting LAMP requirements during the semester.
