## COURSE DESCRIPTION

Spark the joy for God's amazing creation all around us! Each lesson will be brought to life with hands-on activities that will encourage your child to ask questions and grow in their love for learning. In this course, they will learn about the different states of matter, atoms and molecules, force and motion, gravity, electricity, magnets, space, planets and so much more. Jump into your rockets and prepare to take off on this amazing journey of discovery and imagination.

## MEET THE TUTOR

Hi, I'm Stacey Rhoades-Huizar. I am a homeschooling mom of four great kids: Alex, 14; Sophie, 11; Elena, 8 and Jackson 5. I am passionate about teaching my children and growing them in the love of Christ. When I'm not teaching or managing my household, I'm crafting, sewing, or organizing. I am very creative and doing fun crafts with my kids fills my heart. I would love to be a part of helping your child grow deeper in their love of Christ while learning how to bring their imaginations and creativity to life!
