

Art World

Tutor: Sarah Daisy Lindmark

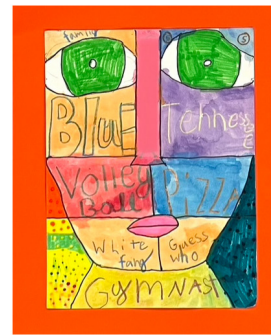

Ages: 8-12 **Hour:** 4th, 1:15 - 2:35pm **Contact:** SarahDaisyArtWorld@gmail.com

Course Description

This well-rounded elementary art class will cover a variety of Art Elements and Designs in both 2D and 3D art forms. This year, we will be focusing on **animal art** and will be creating all sorts of fun animal related projects! The students will experiment with many art mediums and create projects which may include painting, printmaking, woodburning, creating a fabric or paper collage, making a coil clay pot, batik on cloth, writing on papyrus, watercoloring, using oil pastels, weaving, and so many more! My art projects seem limitless these days! Each student will **create** a "Passport" book which will hold geography facts about all of our seven continents and some individual countries. Then, we will create an animal art piece based on that country or region. Students will broaden their knowledge and gain artist skills that help to enhance every school subject. When children get to actively create art, they get a chance to combine creativity and problem-solving skills to find a beautiful and unique solution. I hope your student will join us as we **explore** our amazing and big world by creating incredible art **together!**

Meet the Instructor

Sarah Daisy Lindmark homeschooled her daughters for 12+ years, and this will be her 11th year teaching classes at Lighthouse. She has a BA in K-12th Art Education with an emphasis in Photojournalism and Special Education from The University of Montana. Before homeschooling, she was a substitute and long-term teacher in both Montana and California, a touring musician, a photo editor at a newspaper, and a counselor at Christian camps in the mountains of Colorado and Montana. She loves to take photographs of everything interesting or meaningful, go camping with her family, design and create new art projects, treasure hunt at thrift stores, play the African djembe drum, and drink good coffee. And, all of these things are best done along side her sweet tiny dog, Violet.
