

LEGO WONDERS

OF THE WORLD CLASS 2

For Ages 6–9 Years Old | 40 Minutes

✦ **Build, Pray, and Explore God's Creation!** ✦

A joyful, faith-filled Lego class where young learners explore the wonders of the world through hands-on building, thoughtful conversation, and creativity—while discovering God's goodness in everything around them.

Featuring God's beautiful natural wonders and landmarks from around the world

🧱 What We'll Do 🧱

Build with Legos

Bring the wonders of God's world to life with imaginative, hands-on Lego creations.

Talk & Share

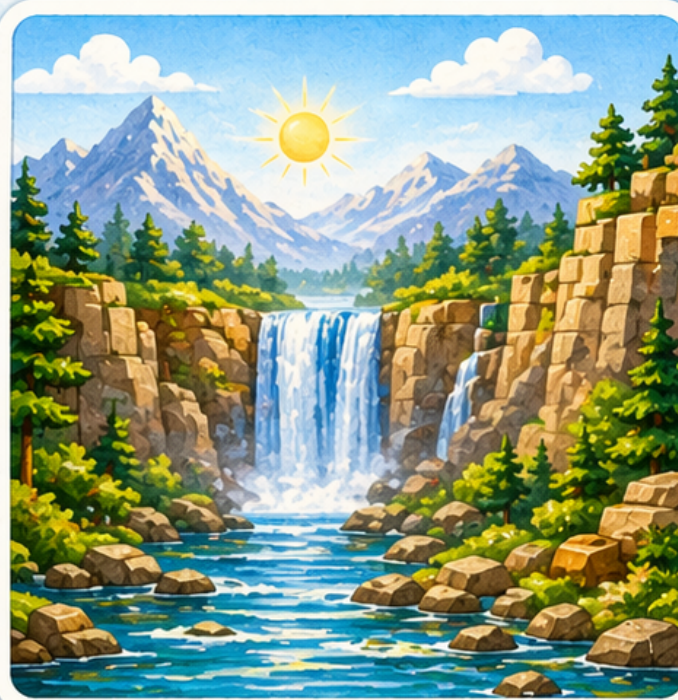

Meaningful, age-appropriate discussions about each wonder and how it reflects God's creation and purpose.

Extra Fun

Worksheets, hands-on activities, and faith-based reflections when time allows.

A fun and engaging space for growing learners to deepen their faith, creativity, and curiosity while seeing God's hand in the world around them.

🧱 Meet the Tutor 🧱

Hi! I'm **Stacey Rhoades Huizar**, but you can call me Mrs. Stacey. I'm thrilled to be teaching this year's Pre K Lego class!

As a homeschool mom of four, I love helping children grow in their love for Christ while exploring God's amazing world. Through hands-on building, creative play and gentle, faith-filled discussions, I hope to nurture each child's imagination and their understanding of God's goodness.
