

# Global Art

**Instructor:** Sarah Daisy Lindmark Stepanski

**Grade Levels:** 2nd-5th grade    **Contact:** SarahDaisyArtWorld@gmail.com

## Course Description

We will explore and create various art projects from around our big and beautiful world! This well-rounded elementary art class will cover basic art concepts, such as line, form, and color, but will also include high level learning about both 2D and 3D creations. Students will broaden their knowledge and gain artist skills that can help to enhance every school subject. When children are actively creating, they get a chance to combine personal problem-solving skills and creativity together to find their best solution. We will study world geography by learning the seven continents, many countries, and various major landmarks. We will recreate many country's art styles after we've examining their meaning, use, or significance. We'll use many art mediums including wood, clay, paint, papyrus, cloth, and many more. Through hands-on art creation, students will gain knowledge about our world in a concrete and creative way.
