tim@lieberlearning.com

## ABOUT TIM

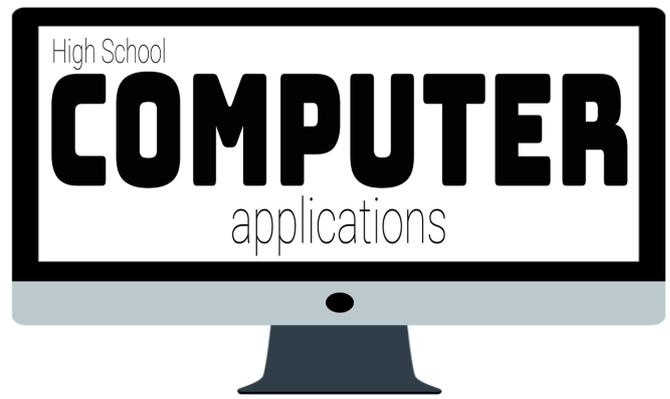

Tim has a bachelors degree in Film and Video Production from GVSU, where he also completed a teachable major in Social Studies. With a strong passion for education founded on biblical principles, he strives to instill a lifelong love of learning in his students. He lives in Otsego with his wife and two kids

## CLASS REQUIREMENTS

- High School
- Laptop with access to Microsoft Office, preferably 2019 but other versions will work too.
- More information at [www.lieberlearning.com](http://www.lieberlearning.com)

## LOGISTICS

If a student needs to drop this class in the first two weeks, tuition will be refunded. If the drop occurs after the third class, the tuition is non-refundable. LAMP students are required to self-pay for any missed LAMP payments due to a student dropping after the third class or not meeting LAMP requirements during the semester.

Everything you'll need to know to keep tech support away.

## ABOUT THIS CLASS

Computers have changed the world over the course of the last fifty years. In High School Computer Applications, students will learn everything they need to know about getting the most out of a computer - both inside and out. We will start with the basics, how a computer works, what it's made of, and how to type like a pro. Then, we will move to mastering Microsoft Office with skill development in PowerPoint, Word, and Excel through a series of fun and engaging practical projects. Next, coding and website development takes center stage as we learn about the internet and how to use it safely and ethically. Finally, we will end the year with an entire unit designated to graphic design, making your work look spectacular!

## WHAT WE'LL LEARN

1. What is a computer?
2. Typing and computer software
3. Web design and internet ethics
4. Graphic design

## MATERIALS AND FEES

- Tuition \$300/yr. (Amount to submit to LAMP)
- \$30 material fee.
