ABOUT TIM

Tim has a bachelors degree in Film and Video Production from GVSU, where he also completed a teachable major in Social Studies. With a strong passion for education founded on biblical principles, he strives to instill a lifelong love of learning in his students. He lives in Otsego with his wife and two kids

CLASS REQUIREMENTS

- I have a lot of equipment available for use, but students are responsible for loss or damage.
- Portable hard drive
- Ideally student has laptop able to run editing software like Premiere Pro
- More info at www.lieberlearning.com

LOGISTICS

If a student needs to drop this class in the first two weeks, tuition will be refunded. If the drop occurs after the third class, the tuition is non-refundable. LAMP students are required to self-pay for any missed LAMP payments due to a student dropping after the third class or not meeting LAMP requirements during the semester.

video PRODUCTION

Write, shoot, and edit amazing videos taught by an industry professional.

ABOUT THIS CLASS

Welcome to the exciting world of video production. This class is one I have dreamed up for over a decade! Have you ever wondered what it takes to get the movies you watch from an idea in someone's head to a ticket you can purchase at a theater? We are going to learn it all, from storyboarding, composing great shots, capturing crisp audio, lighting great scenes, and editing amazing sequences. To develop our skills we will tackle eight projects to create content for our "premiere night" at the end of the year. That's right, our best videos will be showing at a real movie theater to celebrate the learning, hard work, proper prior planning, and dedication that it requires to make great content at a professional level.

WHAT WE'LL LEARN

1. Introduction to video
2. Composition and Editing
3. Lighting and Sound
4. Fiction and nonfiction filmmaking

MATERIALS AND FEES

- The Barebones Camera Course - Available at Amazon (\$11)
- Tuition \$350/yr. (Amount to submit to LAMP)
- \$30 material fee.
