Content: In this course we will be answering the question: "What is art?" We will take a look at how art plays into daily life and the expression of one's self. God is the supreme creator and we are made in His image, we are born with the desire to order, create, and make the world better. Together, we will investigate a variety of art making genres and technical applications that challenge form and content. Multimedia applications may range from photography to collage, but will have an emphasis on drawing. We will also be studying concept, process, and theme. Students as individuals will adopt these ideas and methods for their own work, continuing the development of technical skills in relation to a personal evolution.

About the Tutor:

I studied Fine Art at Western Michigan University. I love teaching, observing, and making art. My beautiful wife, Jessica, is a painter and an art teacher! I love to skateboard. I have been skating for 20 years and teaching it for 7 years. I also love to make and record music and serve at my church.

DROP/ADD Policy:

If a student needs to drop this class in the first two weeks, tuition will be refunded with a prorated amount. If the drop occurs after the third class, the tuition is non-refundable.

LAMP students are required to self-pay for any missed LAMP payments due to a student dropping after the third class or not meeting LAMP requirements during the semester. No new students may add the course after registration closes without consent from the tutor and REACH Kzoo.
